These are Internal Scrutiny and External Audit

External audit:

The requirements for external audit are set out in the Part 4 of the Academies Financial Handbook ([Academy Trust Handbook - Part 4: Annual accounts and external audit - Guidance - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/academy-trust-handbook-part-4-annual-accounts-and-external-audit))

It is the responsibility of the trust to appoint an external auditor as it is a requirement of the school to maintain adequate accounting records and in line with the Charity Commission's Statement of Recommended Practice and that the accounts must be audited in line with the funding agreement.

The role of the external audit is to fulfill their duties as required by the Companies Act 2006 and the International Standards of Auditing. In doing this they external auditors and Audit and Risk Committee should

- agree the programme of work of the Internal Assurance/Responsible Officer;
- consider the reports of the Internal Assurance/Responsible Officer and, when appropriate, advise the Board/Governing body of material control issues;

 - properly reflect the significant accounting policies selected;
 - reflect estimates and other financial statement elements that are reasonable and consistent
 - adequately disclose all major transactions and issues;

- recommend to the Board the retention or replacement of the external auditor and, if the Committee recommends replacement, evaluate candidates for the appointment;
- review all issues related to any change of external auditor and the planned steps for an orderly transition;
- reviewing the terms of the external auditor's engagement, and the appropriateness and reasonableness of the proposed audit fees;

- review the audit plan with the external auditor and management; determine whether management has provided full and open disclosure to the auditor's enquiries;
- Review problems experienced by the external auditor in performing the audit, including any restriction imposed by management and all significant accounting issues on which there was a disagreement with management, and review the post-audit or management letters containing the recommendation of the external auditor and reviewing management's response and subsequent follow up to all identified weaknesses.

Other responsibilities of the External Auditors include:

- review the Trust's arrangements in respect of whistleblowing and anti-fraud and corruption and make recommendations as necessary;

- Publish a register of business and pecuniary interest for all Members, Trustees and Local Governors and hold a register of interests for all employees. Ensure declarations are renewed and updated annually by all parties. Seek approval for and disclose any related party transactions in line with the requirements of the ESFA and Academies Financial Handbook.

The current external auditors are djh (renamed from Haines Watts from September 2023) c/o Bridge House, Ashley Road, Hale, Altrincham, WA14 2UT
 These have been the external auditors since 2020 and these should be reviewed every 5 years

Internal Scrutiny:

As set out in Part 3 on the Academies Financial Handbook [Academy Trust Handbook - Part 3: Internal scrutiny - Guidance - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/academy-trust-handbook-part-3-internal-scrutiny), the trust must have a programme of internal scrutiny; the purpose of which is to provide independent assurance to the Trustees and LGB that the trust's financial and non-financial controls and risk management procedures are operating effectively. The focus of this work should be to

- evaluate the suitability of, and level of compliance with, financial and non-financial controls. This includes the assessment of procedures to show if they are effective and efficient, and checking whether agreed controls and procedures have been followed
- offer advice and insight to the board on how to address weaknesses in financial and non-financial controls, act as a catalyst for improvement, without diluting management's responsibility for the day to day running of the trust
- ensure all categories of risk are adequately identified, reported, and managed

The trustees should have effective oversight and monitoring of their internal control environment. The internal scrutiny function provides this.

It will also give assurance, that will

- help the trust improve governance, risk, and control arrangements, and
- provide comfort that the leadership is doing the right things in the right way

There are 4 options set out in the guidance [Internal scrutiny in academy trusts - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/internal-scrutiny-in-academy-trusts) provided by the ESFA to deliver internal scrutiny. These are

1. Employing an in-house internal auditor
2. a bought-in internal audit service from a firm, other organisation or individual with professional indemnity insurance,
3. the appointment of a non-employed trustee
4. a peer review performed by the CFO, from another academy trust. The trust should satisfy itself that the trust supplying the reviewer has a good standard of financial management and governance and should minute the basis for its decision. The peer reviewer should be independent of the trust.

This trust has opted to go with Option 2, and the current provider for this is

John Henry from JDH Business Services Ltd Email address : John@Jdhbs.co.uk

The role of internal scrutiny should have systems financial control as its main function, including an evaluation and sample testing of these controls through live transactions. There should also be a review of other key areas including, financial governance and oversight, IT systems and cyber security. Any financial or non-financial system that impacts on the effective operation of a trust may be included in scope of the review programme if the audit and risk committee agree.

Internal scrutiny should consider aspects of the following in their work

- monetary value (income and expenditure)
- volume of transactions
- complexity of the system
- sensitivity of the system
- stability of the system
- changes in senior management/strategic roles, for example Accounting Officer, Chief Financial Officer
- potential fraud risks
- the strength of management controls
- whether work has been carried out on that system recently.
